We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. For more space, use the back of this sheet.

I don't really have any particular philosophy about my work as an artist, other than my enjoyment in photography in being able to capture at 1/125th of a second or 1/60th of a second a moment in time that will be forever recorded, whether it be a person's expression, the beauty of nature, or an ordinary object.
